Subject OU2 RI/FS AOC to UPCM sent today

AWP

Ladies. Here it is, THE package.

In an effort to get this out today, I have not included Appendix B, the LSC Site map. At your convenience (no hurry, since at least THIS isn't an issue), Kathy, would you please select and send to me a MAP to accompany the Site definition presented in the AOC? I will then send it as a follow-up to what goes out today. Additionally, do you have Kerry's address, so that I can mail this to him as a cc?

Thank you!
